

THE YOUNG LIFE

Last summer I stepped into help fill the leadership role at The Young Life (TYL). The culture and dynamic of our young adults is exciting and people are so hungry for community that it makes planning and facilitating this group such a joy. People are so interested in meeting other people; it is a blast to be out here on Monday nights.

Change was kept to a minimum this summer and fall, and that has encouraged consistency and a positive family atmosphere. People can expect what will happen on Monday nights and what we have seen is an increase in people inviting friends or even co-workers out to check out TYL.

Our leadership team has been developing in the last few months and we've implemented some strategic relational components such as a whole month of small group nights, intentional mingle space between worship and the Word, and icebreaker questions that help people go deeper with one another. It's been a great way to see how these things have blended and unified this group. We have started holding communion on the first Monday of the month, as well as name tags once a month. We've received great feedback from and look forward to seeing how these small details leave a larger impact on our young adult community.

Our slogan at TYL is that we are a home for everyone. So, no matter where you are at in your walk with God or in life, when you come to TYL you will meet people that are inviting and embrace

you with a warm smile, and an authentic community.

Respectfully Submitted,
Will Ferguson
Young Life Interim Director
