

PRODUCTION

The year 2023 has been marked by significant progress and expansion for Mapleview's Production Department. We are committed to excellence in sound, video production, and overall technical support.

One of the pivotal milestones of 2023 was the construction of our new production room dedicated to online sound mixing and video production. This room has greatly enhanced our capabilities in creating engaging and immersive online worship experiences. The room is equipped with the technology, allowing us to deliver high-quality audio and video content to our online audience.

Our success is deeply rooted in the dedication and passion of our team members and volunteers. Throughout 2023, we experienced significant growth in our team, with an influx of enthusiastic volunteers eager to contribute their skills and talents to our productions. This growth not only bolstered our manpower but also injected fresh perspectives and ideas into our creative process.

A shoutout is due to Carter, Kaylie, and Jillian, whose commitment and dedication have been instrumental in ensuring the smooth operation of a lot of behind-the-scenes work. Also, a huge thank you to the entire team of sound techs, video directors, camera ops, lighting techs, and everyone in between who dedicates their Sunday mornings to ensuring a smooth Sunday experience both in person and online.

We have successfully streamed and produced all weekly services, reaching a wider audience than ever before, and have collaborated with other departments to integrate multimedia elements into various church events and programs, enhancing the overall experience for attendees.

As we look to the future, we are excited about the possibilities that lie ahead for Mapleview Community Church's Production Department. We remain committed to innovation, excellence, and the pursuit of creativity in all that we do. With a strong team we are confident that we will continue to elevate the worship experience for our congregation and online audience alike.

In conclusion, the year 2023 has been a year of growth and collaboration for the Church Production at Mapleview. Together, we look forward to continuing our journey of faith and creativity in the years to come.

Respectfully Submitted,
Chase Godmere
Director of Production
