

## WIRED JUNIOR HIGH

This past year at WIRED Junior High has been nothing short of remarkable. We had the privilege of reaching hundreds of students from our community, worshipping with them, participating in small group discussions, and of course, ensuring every step of the journey was packed with way too much fun.

Our leadership team has been phenomenal. Their dedication and passion enable us to reach and connect with so many students. We have always felt like we could connect best with students when we had a team big enough to care for and love as many students as possible. Leaders truly do make a world of difference.

This year, we introduced some exciting changes including participating in the Momentum event organized by our district youth department. The experience was incredible; filled with incredible preaching, amazing worship sessions, and memorable bus rides. Our students had the best time and we're excited to incorporate this into our plans in the future.

One of the highlights of the year has been our Family Dinner Nights. These evenings are not just about sharing a meal, they're a chance to build relationships and discuss life's big questions in a relaxed, fun setting. For many of our students, these dinners are more than just a meal, they're an incredible opportunity to spend time with leaders who are consistently there each, and every Tuesday caring for them.

In the spring, we shifted from our traditional retreat to host our first-ever ONE DAY event at Mapleview. This day-long event brought students together from four different churches creating one of the coolest events we've ever organized. We will definitely be bringing this event back in 2025 and we're so excited to see where the Lord leads us with this idea.

We're immensely proud of the impact our WIRED AM Bible studies have had. Held every Sunday at 10:00 AM, these sessions are a foundational part of our students' spiritual journeys. Looking forward, we're excited about potential expansions to two services and adding more volunteers to help build even stronger connections with students.

As we reflect on the past year, we're grateful for the memories we've created and the spiritual seeds we've planted. As we step into 2025, we're aware of the need for more passionate leaders to join us. We invite you to consider how you might contribute to our ministry, helping guide more students toward a meaningful relationship with Jesus.

We're praying that this year God will be glorified through all we do and that this will be our best year yet.

Respectfully submitted,  
Pastor Ryan Korroll  
Director of WIRED Junior High
