

LIFE CARE

At Mapleview, the way we care is by walking alongside people in their struggles, praying with those who are sick, encouraging others in their journey with Jesus, supporting one another through times of loss, and equipping believers to grow as they serve others.

Every Sunday morning, we have a group of trained, spiritually mature, passionate followers of Jesus who meet with people after each service to pray with them, believing Jesus to work miracles in their lives. "...pray for each other so that you may be healed. The prayer of a righteous person is powerful and effective." James 5:16

GOLDEN LIFE

Golden Life, our 55+ group, is filled with kind, generous, caring, humorous, and genuine people. Come out and see for yourself—Kris and I absolutely love this group.

This year we enjoyed a Valentine's event, an Easter celebration, a Strawberry Social, an outdoor BBQ, a delicious potluck, and our annual Christmas Banquet, where we shared music, a creative activity, and a short message. As you can see, we like to

eat! This group also has a heart for others and members took the name of a youth who attends our youth group so they could pray for them through the end of the year.

BENEVOLENCE

Benevolence at Mapleview is about helping those who find themselves facing difficult challenges. This year, due to economically difficult times, many families and individuals struggled to make ends meet. We were able to help people on more than 70 different occasions by providing over 200 bags of groceries, grocery and gas gift cards, and other forms of support, totaling over \$10,000.

All of this was made possible through God's blessing and your generosity in donating food and financially supporting this ministry.

I would like to thank my wife, Kris, who serves alongside me, and all the other leaders who help make these ministries possible.

Respectfully submitted,
Rev. Paul Carroll
Director of Life Care
