

THE STUDENT LIFE

Over the past year we had to learn to be flexible with a lot of the things we were doing because of how much covid protocol was shifting. Our youth team was so flexible all the time which made last minute changes easy to accomplish. Below is a bulleted list of some unique things that took place over the last year. We tried many new things over the year, some of it a success, others not so much. Take a look at some of the things TSL did over the year.

Youth nights:

- Youth online
- Youth in the parks- three locations for small group
- Students speaking
- Daily small groups for a month
- Serving nights making sandwiches for the homeless
- Fall kick off - Big night

Connections:

- Where's Will daily devotionals
- Mid week hangs in the summer.
- Bi-weekly small groups. (Vibe Groups)

Events:

- Online Overflow
- Guys backpacking trip- Forged by the Fire
- Girls backpacking trip- Forged by the Fire

I'm thankful for the year that we've had, and all that's been learned over these past 12 months. Jesus was always the mission and this year revealed to me my heart for discipleship, and how much work is to be done in this city and generation. I'm excited for 2022, already things are in motion and I can't wait to see what God does this year!

Respectfully Submitted,
Will Ferguson
Director of The Student Life
