

FACILITIES & OPERATIONS

I have completed my first year as Director of Facility & Operations and I can truly say what a great year it has been. I have enjoyed getting to know my new church family at Mapleview. I am also thrilled that my family is thriving at MCC. We are excited to be serving with you.

ITEMS COMPLETED IN 2023:

- Generator Installation and Shed Completion
- Completed roof repairs, including repair to down pipe in the worship arena that had been causing a large leak
- Installed new heat trace cable in downspouts in at north end of the worship arena to prevent ice build up
- Moved Production office to be compliant with Fire Code
- Converted old Production office into tool room
- Installed new hand dryers in all the restrooms
- Line painting in the parking lot
- Engraving on the 2 large stones at the front of the church
- Installed new Christmas lights along the driveway
- Started painting of Offices, Summit and Loft
- Created inspection reports for monthly and annual inspections around the building

REGULAR ROUTINE ITEMS:

- Negotiate snow removal contracts
- Negotiate parking lot sweeping
- Hire summer students for lawn maintenance
- Send equipment out for repair and preventative maintenance
- Assist other staff with completing tasks, or set up for events
- Monthly inspection reports of fire equipment
- Monthly inspection of generator
- Organize First Impressions area
- Exterior window washing

AFFORDABLE HOUSING PROJECT

Investigating the concept of Affordable housing by meeting with a variety of people and companies.

Respectfully Submitted,
Tim Preston
Director of Facility & Operations
